

The fungus *Trichoderma harzianum* strain 77 aids in the protection of pruning wounds on grapevines against *Eutypa* infection and on tomato and cucumber crops grown in tunnels against *Botrytis* infection.

#### WARNINGS

- Keep out of reach of children, uninformed persons and animals.
- Store in a cool place away from chemical pesticides. Optimum storage temperature 10-15°C
- May cause slight eye irritations.
- May cause allergic reactions in sensitive persons.

#### PRECAUTIONS

- **Remember you are working with a living organism.**
- Do not use after expiry date.

#### DIRECTIONS FOR USE

**Mixing:** Mix at a rate of one gram per two litres of water. **Mix the required amount of powder into a thin paste with a small amount of water first** before adding remaining water.

**Spraying:** Apply as a full cover spray or as a directed spray onto each pruning wound immediately after each pruning.

## Application Instructions

- Do not mix in containers that have previously been used for toxic substances. Wash the containers well with soap and water before use.
- Use within 6 hours of mixing.
- Do not leave powder or mixture standing in the sun.
- Shake or stir the fungus mixture frequently during use to avoid settling out of the product.
- Do not mix fungus with any agrochemicals without first consulting your sales representative.
- Avoid inhaling dust.
- Wash hands with soap and water before eating, drinking or smoking
- Do not use under extreme conditions i.e above 35°C or at soil/water pH less than 4 or higher than 7.

**Disclaimer:** Although this inoculant has been tested under a variety of conditions, the supplier does not warrant that it will be efficacious under all conditions. Because the active agent is a living organism, its action may be affected by storage, handling, climatic or soil conditions. This naturally occurring organism should not cause damage to crops, vegetation, or the environment, nor harm to man and animals. However, in the unlikely event of this happening, the supplier does not accept responsibility for any damage that may occur.
